

BREWINGZ REWARDZ

is getting an update!

CHANGE IS GOOD!

Especially when its in the right direction!

DID YOU KNOW?

Brewingz has new ownership! With new ownership we plan to update and make improvements in many areas of our business - including BREWINGZ REWARDZ!

Key Points:

How you earn & redeem will change

Our new rewards program will look different. The way you earn points will change as well as how you redeem them. But no worries! We will provide more details as we go further in this process. We think you'll enjoy the new benefits we'll offer. And you can redeem your points as is until 4/1/2025.

There will be some down time 4/2/25- 4/17/25

Due to a multi-week rollout of our new program we will not be able to collect/earn or redeem points during our transition days including but not limited to April 2, 2025 - April 17, 2025. Our projected date for our new rewards is April 18, 2025. More details will come as we move forward.

Points will transfer over for all active members!

Don't worry! All points for active members will transfer to new program! As stated in our terms and conditions, "members who have not made any transactions for more than 12 months are considered inactive". Please note due to our new structure in earning points the number of points may change, but we assure you that the value will remain.
